Skill-O-Ree Climax Of Wasatch Scout Week

The climax of National Boy Scout Week was held last Saturday evening with the Cub Scouts from several packs and Scouts from ten troops of Wasatch District participating in the activities of a Skill-O-Ree at the Junior High School gym.

There were skills related to camping, lashing, rope making, knot tying, first aid, conservation, rescue, physical fitness, wildlife, and others.

The boys took part in a short recommitment ceremony which is given to all boys each year during Scout Week. The color guard was made up of members of the Guide Patrol boys with a talk given by an Explorer Paul Rothe on respect to the flag. The opening and closing prayers were offered by Eagle Scouts, Bob Brandt and Chris Merkeley.

Over the Cub Scout area there was constructed a large replica of the world depicting Cubbing throughout the world. Over the Guide patrol area there was a beautiful flag. Both added to the spirit of the event.

The purpose of the event was to let the public know what is being done in the Cubbing and the Scouting program.

Many thanks to all leaders and friends of Scouting who helped to show what can be done in the Scouting Program.

On February 11 Bert Dayton was the recipient of best wishes for happiness on his birthday.
